

Dear Parent/Guardian:

RE: BUS SAFETY EDUCATION PROGRAM

California state law requires schools to instruct students in safe riding practices while aboard a school bus. This instruction includes an annual drill in exiting a bus quickly. Your child's Bus Safety Education Program is scheduled for: _____.

As part of this program, every student will take part in a practice jump from a parked bus. The drill will be instructed by a specially trained school bus driver. The jump is from the emergency exit door of the school bus onto a padded mat. If your child is unable to jump because of illness, physical condition, or other valid reason, please indicate so by completing and returning the form below:

Sincerely,

Kim Richardson
